## Opis produktu

COLD NORTHERN BREEZE is honoured to release the brandnew AVERTIA album entitled "Nightmare Returns". Born back in 2009 with already three full-length outputs under their armour, the Bergen (Vestland) located army became well-known in the Norwegian scene for their blend of old fashioned midtempo 90´s Black Metal and classical 80´s Heavy Metal. With the release of their fourth record "Midnight Returns" AVERTIA takes the next step by soiling their melodic clean cold sound with traditional Old School Nekro vibes and Pagan rhythms. Get ready for some unique Norwegian Black Metal along the lines of early KAMPFAR, PERISHED, WINDIR, FORLORN infiltrated with CARPATHIAN FOREST and DARKTHRONE filth, finalized with headbanging NWOBHM riffing.

Pro-replicated CD manufactured with a glasmaster (no CDr). Packed in a 6-panel glossy Digipack and wrapped up in shrink foil. Strictly limited to 300 copies including handnumbered and stamped CNB certificate.
